To whom it may concern,

I wish to confirm that I Seamus Cody did employ the services of 'Dave Fitzgerald Contracts' for the purpose of constructing a 4 bed dormer house in Killaloe, Co. Clare.

Dave was involved from the very beginning design/planning stage right through to final completion. I found the quality of the work carried out, the craftsmanship of his team, materials used and finished product to have been of the highest standard.

Dave was regularly on site and always available to liaise with any third party including, Architect, Renewable Energy Consultant, Co. Co. Representative, ESB and Eircom.

The construction of the house was completed within the agreed timescale and at the agreed budget.

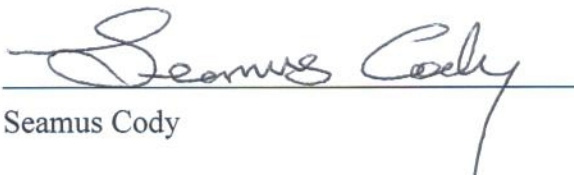

Any issues that arose during the building process, material alterations, changes to specifications etc that I requested were dealt with by Dave and his team quickly and efficiently and without any fuss.

On a personal level I have always found Dave to be a very approachable, obliging, enthusiastic and honest individual.

I have found Dave's knowledge, expertise and many years experience in the construction industry invaluable.

I have no hesitation whatsoever in recommending 'Dave Fitzgerald Contracts' for the construction of any building project and I wish Dave and his team every success in the future.

Yours Sincerely.

Seamus Cody
